

Response to Business & Human Rights Resource Centre Inquiry
21 July 2026

While certain Hyatt subsidiaries have existing business relationships with Juniper Hotels, including a non-controlling ownership interest, Hyatt has not entered into any agreement to brand or operate the proposed hotel project at Inglay Pathar/Hathikuli near Kaziranga National Park.

It is among our highest priorities to respect and honor fundamental human rights, including the rights of Indigenous peoples - and Hyatt's public Human Rights Statement affirms our commitment. We also recognize and support the importance of freedom of expression, and we are not in a position to provide commentary on Mr. Doley's situation.
