

Slavery and Human Trafficking Statement **MPB**

01/07/2018-30/06/2019

This statement is made pursuant to s.54 of the Modern Slavery Act 2015 and sets out the steps that MPB Structures Limited has taken and is continuing to take to ensure that modern slavery or human trafficking is not taking place within our business or supply chain. Modern slavery encompasses slavery, servitude, human trafficking and forced labour. MPB Structures Limited has a zero-tolerance approach to any form of modern slavery. We are committed to acting ethically and with integrity and transparency in all business dealings and to putting effective systems and controls in place to safeguard against any form of modern slavery taking place within the business or our supply chain.

Our Business

MPB Structures Limited is a privately-owned business that specialises in Concrete Frame Construction, Groundworks, Structures and Rail infrastructure work across England. Our supply chain partners are all based within the UK.

Our Policies

We operate a number of internal policies to ensure that we are conducting business in an ethical and transparent manner. These include:

1. Anti-slavery policy. This policy sets out MPB's stance on modern slavery and explains how employees can identify any instances of this and where they can go for help.
2. Recruitment policy. We operate a robust recruitment policy, including conducting eligibility to work in the UK checks for all employees to safeguard against human trafficking or individuals being forced to work against their will.
3. Whistleblowing policy. We operate a whistleblowing policy so that all employees know that they can raise concerns about how colleagues are being treated, or practices within our business or supply chain, without fear of reprisals (whistleblowing@mpb.co.uk)
4. Code of business conduct. This code explains the manner in which we behave as an organisation and how we expect our employees and suppliers to act.

Our suppliers

MPB Structures limited operates a supplier policy and maintains a preferred supplier list. We conduct due diligence on all suppliers before allowing them to become a preferred supplier. This due diligence includes an online search to ensure that particular organisation has never been convicted of offences relating to modern slavery and on-site audits which include a review of working conditions. Our anti-- slavery policy forms part of our contract with all suppliers and they are required to confirm that no part of their business operations contradicts this policy

Training

We regularly conduct training for our procurement/buying teams so that they understand the signs of modern slavery and what to do if they suspect that it is taking place within our supply chain.

Our performance indicators

We will know the effectiveness of the steps that we are taking to ensure that slavery and/or human trafficking is not taking place within our business or supply chain if:

- No reports are received from employees, the public, or law enforcement agencies to indicate that modern slavery practices have been identified.

For the reporting period, there have been no incidents of slavery and/or human trafficking reported or found.

Going forward, MPB Structures Limited will continue to develop its processes and procedures using tools from the Anti-Slavery Charity Stronger2gether. In the year ahead MPB Structures Limited will be carrying out a gap analysis of existing procedures etc. using the charity's Tackling Modern Slavery in The Construction Sector Toolkit.

MPB Structures Limited is also proud to be a signatory to the Gangmasters and Labour Abuse Authority's (GLAA) Construction Protocol: <https://www.glaa.gov.uk/i-am-a/i-use-workers/construction-protocol/>
