Our sourcing from Myanmar is limited to a handful of factories that are owned and operated by suppliers we have established relationships with in other countries. We have also joined the BSR (the responsible business network) working group in Myanmar to support the textile's industry's development in the country...[A]ll our suppliers, wherever they are in the world, as a condition of doing business with us must adhere to our Global Sourcing Principles (GSPs) which can be found here <http://bit.ly/18Tgkf7>
